Monthly Publication Issued on the 15th of the month of the date of publication by THE STANDARD CASTING DIRECTORY, INC., 615A-616-617 Taft Bldg., 1680 No. Vine Street, Hollywood, California. Copyright, 1928, by THE STANDARD CASTING DIRECTORY, INC. Publishers everywhere are cautioned against using any of the contents of this directory wholly or in part.

All advertisements which appear in each issue of the Standard are sold on bonafide contracts.

The publisher reserves the right to classify all advertising.

While every care is taken in compiling "The Standard," the publisher can not accept the responsibility of errors or omissions unless printer's proof is okayed by the advertiser.

All telephone numbers and other data appearing in The Standard are checked and corrected each month before going to press.

The Standard contains in each monthly issue complete information for the casting of Talking and Silent Pictures.

Our present form is the culmination of six years of effort to combine in ONE DIRECTORY all the necessary data for the successful engagement of the Artist.

The Players using the Standard as their medium of representation state concisely and briefly their qualifications and abilities for all lines of work and are endeavoring to expedite and simplify the task of the Casting Director in making his selections.

Any suggestions that will enable us to better our service in meeting the constantly changing conditions will be greatly appreciated. We thank you.

I am rock bound.
Not as the sea is,
But like a tree whose gnarled roots search
the fissures for soil, clinging here and there
to a bit of earth for life.

Then with that great power the struggle demands,
Circling a huge boulder.
Growth from decay.

In the valley are many of my kind;
Well nourished, well formed.

I envy them not.
Looking down, I get the first rays of the sun
And its last fading light.
The winds play about my limbs and I sing them
weird tunes.
The creatures of the mountains rest in my
shadow.

I am rock bound,
But I see many things.

Mr Armand Kaliz
Egyptian Theatre
Hollywood Calif

My dear Mr Kaliz :

This being the concluding week of your tour over West Coast Theatres circuit with the "Temptation Idea" , a production staged and directed by yourself specially for us, we are more than happy to give you full credit for this novel unit which has proved to be one of the best box office attractions we have had the pleasure of booking.

I am writing this to you because you will remember how I was so uncertain regarding the staging of a unit so unusual as you had offered as I had founded my stand on the fact that talk and drama had heretofore been eliminated from the Picture House stage presentation, music and dancing being found most effectual and sufficient for entertainment.

However your perseverence and artistry deserved this engagement and later removed my earlier doubts as the unit became one of the most novel and attractive ones ever staged for West Coast Theatres. The unusual nature of the lines and their delivery overcame every opposition to talk and therefore this note, unsolicited by you, but which we felt was more than due your earnest efforts.

With kindest personal regards

"THE DIPLOMATS"—*Wm. Fox Movietone*

"Andre de Segurola was playing Napoleon's aide. His voice is deep, rich and round. Moreover, he is a Spaniard able to speak English and enough of a showman to pinch his accents neatly. Consequently, when he broke into the silence of the film with his announcement, the effect was corking. . . . De Segurola's voice was magnificent. It brought out, to some small degree, the possibilities of the whole thing. The search, therefore, will be after voices coupled with faces."

From the AMERICAN MERCURY, August, 1928, by Robert F. Sisk.

"Dolores Costello, Conrad Nagel and Andre de Segurola are the outstanding characters of the production. . . . "

"De Segurola's singing of the "Marseillaise" marked one of the highest spots of the evening. His rich and sonorous voice reproduces remarkably well."

JACK STONE

Criticisms on "The Kid" in "Lilac Time"
with Colleen Moore
Recently at the Carthay Circle

"——There is a boy in the picture known as The Kid. His name, I found out, is Jack Stone. I don't remember having seen him before, but he will be a star some day. He has THE IT which pulls attention, and an acting ability second to no younger player."
ROBERT COWING—DAILY SCREEN WORLD.

"——You will also notice an unknown by the name of Jack Stone. There is a lad with possibilities."
FREDERICK JAMES SMITH,
LIBERTY MAGAZINE

"——Jack Stone played the youngest flyer, full of thought for the girl back home, very well."

BOBBY MACK

Director Finds Baby Star 70 Years of Age

Lubitsch has "discovered" Bobby Mack, 70 years of age, formerly a famous minstrel man and lately a character comedian of the screen. Mack's work as Kellerman in "Old Heidelberg" which Lubitsch is directing at the Metro-Goldwyn-Mayer studios, is, according to the director, one of the greatest pieces of acting he has ever seen on stage or screen. "Mack," says Lubitsch, "has proved the greatest surprise in the entire picture—or in any I have ever done."

Billy Mann

HE 4149

TR 9021

What does he see in the Future with a capital "F"?

Aha! Ladies and gentlemen of the profession and Casting Directors! Billy Mann has an occult eye! Not double vision, mind you, but one eye for the Future and the other for *nobody's business.*

Right now he is looking into 1929—far into it. He anticipates a lot of success for all of you, besides a fair measure for Billy Mann and the Shell Company.

He sees that a lot of people are going to buy scrip books full of Shell 400, the "dry" gas, from him. He has visions of all good Hollywoodians freed from carbon troubles through Shell Motor Oil.

Wouldn't it be mournful if, at the end of 1929, he found he was only cockeyed?

Give Billy Mann a ring for your gasoline and oil requirements. His Shell Grease is pretty slick, too.
